FREEDMEN'S BUREAU PRESERVATION PROJECT**

This National Archives microfilm publication is part of a multiyear project to microfilm the field office records of the Bureau of Refugees, Freedmen, and Abandoned Lands (Freedmen's Bureau). The project was made possible by the United States Congress through The Freedmen's Bureau Records Preservation Act of 2000 (Public Law 106-444). When completed, all of the field records for the States of Alabama, Arkansas, Delaware, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, Missouri, North Carolina, South Carolina, Tennessee, Texas, Virginia, and for the District of Columbia will be available on microfilm. For microfilm availability and description, view both the microfilm catalog *Black Studies: A Select Catalog of National Archives Microfilm Publications* and the National Archives microfilm locator on our web site at www.archives.gov.

INTRODUCTION

On the 133 rolls of this microfilm publication, M1904, are reproduced the records of the Kentucky headquarters for the Assistant Commissioner and his staff officers and the subordinate field offices of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1865-1872. These records consist of bound volumes and unbound records, containing materials that include letters sent and received, monthly reports, registers of complaints, labor contracts, and other records relating to freedmen's claims and bounty payments. These records are part of the Records of the Bureau of Refugees, Freedmen, and Abandoned Lands, Record Group (RG) 105.

HISTORY AND ORGANIZATION

The Bureau of Refugees, Freedmen, and Abandoned Lands, also known as the Freedmen's Bureau, was established in the War Department by an act of Congress on March 3, 1865 (13 Stat. 507). The life of the Bureau was extended twice by acts of July 16, 1866 (14 Stat. 173), and July 6, 1868 (15 Stat. 83). The Bureau was responsible for the supervision and management of all matters relating to refugees and freedmen, and of lands abandoned or seized during the Civil War. In May 1865, President Andrew Johnson appointed Maj. Gen. Oliver Otis Howard as Commissioner of the Bureau, and Howard served in that position until June 30, 1872, when activities of the Bureau were terminated in accordance with an act of June 10, 1872 (17 Stat. 366). While a major part of the Bureau's early activities involved the supervision of abandoned and confiscated property, its mission was to provide relief and help freedmen become self-sufficient. Bureau officials issued rations and clothing, operated hospitals and refugee camps, and supervised labor contracts. In addition, the Bureau managed apprenticeship disputes and complaints, assisted benevolent societies in the establishment of schools, helped freedmen in legalizing marriages entered into during slavery, and provided transportation to refugees and freedmen who were attempting to reunite with their family or relocate to other parts of the country. The Bureau also helped black soldiers, sailors, and their heirs collect bounty claims, pensions, and back pay.

The act of March 3, 1865, authorized the appointment of Assistant Commissioners to aid the Commissioner in supervising the work of the Bureau in the former Confederate states, the border states, and the District of Columbia. While the work performed by Assistant Commissioners in each state was similar, the organizational structure of staff officers varied from state to state. At various times, the staff could consist of a superintendent of education, an assistant adjutant general, an assistant inspector general, a disbursing officer, a chief medical officer, a chief quartermaster, and a commissary of subsistence. Subordinate to these officers were the assistant superintendents, or subassistant commissioners as they later became known, who commanded the subdistricts.

The Assistant Commissioner corresponded extensively with both his superior in the

Washington Bureau headquarters and his subordinate officers in the subdistricts. Based upon reports submitted to him by the subassistant commissioners and other subordinate staff officers, he prepared reports that he sent to the Commissioner concerning Bureau activities in areas under his jurisdiction. The Assistant Commissioner also received letters from freedmen, local white citizens, state officials, and other non-Bureau personnel. These letters varied in nature from complaints to applications for jobs in the Bureau. Because the assistant adjutant general handled much of the mail for the Assistant Commissioner's office, it was often addressed to him instead of to the Assistant Commissioner.

In a circular issued by Commissioner Howard in July 1865, the Assistant Commissioners were instructed to designate one officer in each state to serve as "general Superintendents of Schools." These officials were to "take cognizance of all that is being done to educate refugees and freedmen, secure proper protection to schools and teachers, promote method and efficiency, correspond with the benevolent agencies which are supplying his field, and aid the Assistant Commissioner in making his required reports." In October 1865, a degree of centralized control was established over Bureau educational activities in the states when Rev. John W. Alvord was appointed Inspector of Finances and Schools. In January 1867, Alvord was divested of his financial responsibilities, and he was appointed General Superintendent of Education.

An act of Congress, approved July 25, 1868 (15 Stat. 193), ordered that the Commissioner of the Bureau "shall, on the first day of January next, cause the said bureau to be withdrawn from the several States within which said bureau has acted and its operation shall be discontinued." Consequently, in early 1869, with the exception of the superintendents of education and the claims agents, the Assistant Commissioners and their subordinate officers were withdrawn from the states.

For the next year and a half the Bureau continued to pursue its education work and to process claims. In the summer of 1870, the superintendents of education were withdrawn from the states, and the headquarters staff was greatly reduced. From that time until the Bureau was abolished by an act of Congress approved June 10, 1872 (17 Stat. 366), effective June 30, 1872, the Bureau's functions related almost exclusively to the disposition of claims. The Bureau's records and remaining functions were then transferred to the Freedmen's Branch in the office of the Adjutant General. The records of this branch are among the Bureau's files.

THE FREEDMEN'S BUREAU IN KENTUCKY

ORGANIZATION

From July 1865 until June 1866, Maj. Gen. C. B. Fisk served as Assistant Commissioner for both Kentucky and Tennessee. Fisk appointed Bvt. Brig. Gen. John Ely to serve as chief superintendent for the Bureau at Kentucky (from March to June 1866). Ely established his headquarters at Louisville, Kentucky, and divided

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

his operations into five subdistricts: Lexington, Louisville, Northwestern, Southern, and Central. Records relating to Kentucky created prior to Ely's tenure may be included among the files of the Assistant Commissioner for Tennessee.

In June 1866, Maj. Gen. Jeff C. Davis was appointed as the first Assistant Commissioner for Kentucky. Superintendents (or subassistant commissioners) employed under Davis were generally responsible for from 3 to 11 counties, and agents (civilian and military) from 1 to 3 counties. Agents received their orders directly from superintendents, and all superintendents were required to submit monthly reports of their activities to the Assistant Commissioner. Brig. Gen. Sidney Burbank succeeded Davis in March 1867 and was replaced by Maj. Benjamin Runkle, who served from January 1869 to May 1869 as Assistant Commissioner and superintendent of education. In August 1870, when superintendents of education were withdrawn from the states, Runkle served as claims agent for Kentucky until July 1871. H. H. Ray succeeded Runkle as claims agent, and served in this capacity until December 1871. P. J. Overley became the claims agent in January 1872 and remained in this position until the Bureau's operations in Kentucky were discontinued in April. The major subordinate field offices for the Bureau at Kentucky included those with headquarters at Bowling Green, Lebanon, Lexington, Louisville, and Paducah. For a list of known Kentucky subordinate field office personnel and their dates of service, see the Appendix.

ACTIVITIES

While the Freedmen's Bureau did not begin full operations in Kentucky until June 1866, its activities in the state generally resembled those conducted in other Southern states. The Bureau supervised labor contracts between planters and freedmen, administered justice, assisted freedmen in the establishment of schools, helped freedmen legalize marriages, and worked with black soldiers and their heirs in processing claims relating to military service.

The regulation of written labor agreements between planters and freedmen was a major concern of the Freedmen's Bureau. In a circular issued on July 24, 1865 (Circular Number 2), Assistant Commissioner Fisk told his subordinates that for both Kentucky and Tennessee freedmen must be free to choose their own employers and that wages were to be based on supply and demand rather than a fixed rate. Bureau officials were to negotiate and approve labor contracts and enforce violations by either party. Compulsory unpaid labor was strictly prohibited. In some areas of Kentucky, planters refused to enter into written agreements with freedmen, and freedmen themselves were reluctant to enter into annual agreements for fear of being reduced to slavery. However, with strong reservations, Bureau officers negotiated monthly agreements for them but encouraged freedmen to sign annual contracts that offered yearlong employment. Wages for monthly contracts ranged from \$8 to \$10 a month for adult male field hands, well below the state's average wage of \$15 a month for men. However by the summer of 1866, with the Bureau's insistence, adult laborers in the tobacco region of the state received \$25 per month and laborers in the farm belt areas earned \$12 per month. In some Kentucky counties, freedmen

NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

received a third of the crops rather than wages. However, because of the shortage of laborers in the state, freedmen were able to demand higher wages, and thus over time the sharecropping system became less attractive.¹

The Bureau worked to protect the rights and legal status of freedmen, which, despite the ending of slavery by the 13th Amendment, were still endangered by the persistence of the old slave codes. On May 30, 1865, Commissioner Howard issued Circular Number 5, authorizing Assistant Commissioners to establish courts in states where the old codes existed and the right of blacks to testify against whites was prohibited. Gen. Fisk subsequently announced to the citizens of Kentucky that freedmen courts would operate in the state as long as freedmen weren't given the same rights as whites. By 1867, as a result of several Federal court rulings, Bureau courts ceased to operate in Kentucky. When state courts denied black testimony, the agency, under provisions of the Civil Rights Act of 1866, took cases involving freedmen to the U.S. District Court of Kentucky. In instances where freedmen lacked resources to pursue their cases in Federal court, the Bureau provided transportation for witnesses and other forms of assistance. Despite the Bureau's efforts to safeguard rights and secure justice for freedmen in Kentucky, admitting the testimony of blacks against whites still remained an issue in 1869 when Bureau Assistant Commissioners and their subordinates were withdrawn from the states. However, in January 1872, with a change in public opinion and pressure from the courts, the Kentucky State Legislature amended state law and allowed blacks to testify.

When Gen. John Ely began his duties as chief superintendent for Kentucky under Gen. Fisk's supervision, there were 30 freedmen schools and more than 2,000 students. The schools were organized and maintained by black churches, with black clergy as instructors. Freedmen schools faced widespread violence and white opposition, and in many cases, teachers and students were forced to abandon efforts to maintain school buildings. Ely and his subordinate assisted freedmen in reopening schools that had been forced to close.² Under Maj. Gen. Jeff C. Davis, who replaced Ely in the summer of 1866, the number of freedmen schools increased to 54, with some 67 teachers and more than 3,200 students. Excluding the schools established at Lexington and Covington under the auspices of the Cincinnati Branch of the Western Freedmen's Aid Society and the Cincinnati Branch of the American Missionary Association, the freedmen schools were taught by black teachers who were supported by subscriptions from parents and black religious institutions. The Bureau, however, rented the building for the school at Lexington. Under Brig. Gen. Sidney Burbank, who succeeded Davis in March 1867, the number of freedmen schools increased to 96, accommodating about 5,000 students aged 6-18. By

September 1868, in spite of continued violence and opposition, the Bureau had provided support for 135 day schools and 1 night school, serving more than 6,000 students.³

On February 14, 1866, the Kentucky State Legislature passed an act legalizing marriages freedmen had entered into during slavery and authorizing black ministers to solemnize such marriages. Nearly 2 weeks later, on February 26, 1866, Assistant Commissioner Fisk issued Circular Number 5, in accordance with the Kentucky law, directing those freedmen who sought to solemnize a marriage to the county clerk for a marriage license. If the county clerk refused to issue a license, Bureau officials in the subdistricts were authorized to solemnize marriages and issue marriage certificates. Local Bureau officers were required to maintain a register of freedmen marriages and forward a report of such marriages to the Assistant Commissioner at the end of each month. Subordinate Bureau officers were also told to notify persons living as man and wife who had not legalized their marriage, to report to the Bureau to take the necessary steps to do so. Persons who failed to comply were guilty of a misdemeanor and were to be punished by a fine and imprisonment.⁴ This microfilm publication reproduces marriage licenses, certificates, and registers of marriages for the Kentucky subdistricts at Augusta, Bowling Green, Columbus, Cynthiana, Owensboro, Paducah, Mt. Sterling, and Winchester. A single freedmen marriage license and a marriage certificate from Kentucky, filed in the Bureau's headquarters records, has been reproduced on roll 1 of National Archives Microfilm Publication M1875, *Marriage Records of the Office of the Commissioner, Washington Headquarters of the Bureau of Refugees, Freedmen, and Abandoned Lands, 1861-1869*.

In addition to assisting freedmen in solemnizing slave marriages and efforts to sustain the black family, the Bureau helped discharged soldiers, sailors, marines, and their heirs in claims for back pay, bounty payments, and pensions. In accordance with a law passed by Congress on March 29, 1867 (15 Stat. 26), making the Bureau the sole agent for payment of claims relating to black veterans, Bureau disbursing officers assisted freedmen in the preparation and settlement of military claims. In November 1866, in spite of the difficulties in locating veterans who fled the state for fear of violence, Assistant Commissioner Davis reported that he had forwarded more than 260 black soldiers' claims for back pay and bounty payments to Commissioner Howard's office in Washington, DC. In the following year, Assistant Commissioner Burbank reported that his office had assisted nearly 500 veterans with military claims, and in the fall of 1868, for the year ending October 10, 1868, that more than 1,100 received bounty payments through his office.⁵

RECORDS DESCRIPTION

These records consist of volumes and unbound records. The volumes reproduced in this microfilm publication were originally arranged by type of record and thereunder by volume number. No numbers were assigned to series consisting of single volumes. Years later, all volumes were arbitrarily assigned numbers by the Adjutant General's Office (AGO) of the War Department after the records came into its custody. In this microfilm publication, AGO numbers are shown in parentheses to aid in identifying the volumes. The National Archives assigned the volume numbers that are not in parentheses. In some volumes, particularly in indexes and alphabetical headings of registers, there are blank numbered pages that have not been filmed.

The volumes consist of letters and endorsements sent and received, press copies of letters sent, registers of letters received, letters and orders received, registers of freedmen court cases, special orders and circulars issued, registers of claimants, registers of complaints, marriage certificates, and monthly reports forwarded to the Assistant Commissioner. The unbound documents consist of letters and orders received, unregistered letters and narrative reports received, special orders and circulars issued, and general orders and circulars received. The unbound records also contain monthly reports; labor contracts; marriage certificates, and records relating to claims.

Some of the volumes contain more than one type of record, reflecting a common recording practice of clerks and staff officers of that period. On roll 93, for example, the volume of contracts for the Columbus field office also contains a register of marriages. Some other examples of additional series within volumes can be found in records on rolls 106, 123, and 133. Researchers should read carefully the records descriptions and arrangements in the Table of Contents to make full use of these documents.

RELATED RECORDS

In the same record group, RG 105, and related to records of the Bureau's field offices for Kentucky, are those of the Bureau headquarters in Washington, DC, and previously microfilmed records of the Assistant Commissioner and the superintendent of education for Tennessee. These record series are available in the following National Archives microfilm publications:

Records in other National Archives record groups supplement those of the Assistant Commissioner. In Records of United States Army Continental Commands, 1821-1920, RG 393, are records of the military district that included Kentucky. Records relating to employment and welfare of freedmen and abandoned property before the establishment of the Bureau are among Records of Civil War Special Agencies of the Treasury Department, RG 366. The records of the Freedman's Savings and Trust Company, 1865-1874, in Records of the Office of the Comptroller of the Currency, RG 101, contain information relating to former slaves who maintained accounts with bank branches in Kentucky.

-------------	---------------------

Registers of Letters Received

The twelve volumes of registers of letters received are dated March 1866–April 1872 (1–12). Entries in the first nine registers, March 1866–February 1870, are arranged alphabetically by initial letter of the surname of the correspondent and thereunder chronologically. However, each register does not contain all alphabetical divisions. For example, the “As” are in volumes (1), (3), and (9) only, and the “Gs” are in volumes (1), (2), (3), (6), and (9) only. The volume listings below show the initial letters of surnames included in each volume. The entries within each alphabetical division are numbered with a separate numerical sequence for each year, but don’t always span the time period listed below.

The last three registers, January 1870–April 1872, are arranged by time period. The entries in volumes 10 and 11 are arranged alphabetically by initial letter of the surname of the correspondent and thereunder in chronological order and numbered. The entries in volume 12, July 1871–April 1872, are arranged in chronological order and numbered with a separate numerical sequence for each year. The name index to volume 12 is volume (13) above. The letters received relating to the registers, March 1866–February 1872, are listed below.

On the above case H. B. Russell for Mr Speed makes the following
Report: Louisville Ky. June 26. 1867. The enclosed papers were
submitted to Mr Speed & he desires me to say, that if, as appears
from the papers, George Talbot was merely a possessor of
the goods, the goods were not liable for rent due from him
to his lessor, and that an action will be against the Christian
and Kelly; but that if Dennis Love was in any way

a substitute of Talbot or Vance. The goods were liable for the rent of the premises.
As to the question of Jurisdiction Mr. Speck is of the opinion that the Federal Court would take cognizance of the case, but the point has never been adjudicated. A case involving this question of jurisdiction was elaborately argued before the U.S. Circuit Court this morning but the decision has not been published.

Endorsement on 422. 1867

End on the above by Lt Bolton dated Columbus Ky Sept
18. 1867. with the information that I went to Caruthersville
Mo & there found the mother of the child Mrs Fanny Wilson
who told me in substance the same as is written in the letter.
I then learned very nearly where Peter Coleman lives which is about
25 miles back in the Country at a place called Cave Run Rd.

I went there remained all night did not see him, he having gone to N.Y. to make sale of his Cotton, the rest of the family were all at home including the three children of Harry Wilson whose names were as follows: Emily Coleman 3 years, Sally Coleman 12 years & Daniel Coleman 17 years. Mrs. Coleman told me that the mother of the children had been there but Mr. Coleman would not give them up & she was confident that he would do just as he said. She said that the children were not bound to them, but the Courts had decided for the children should remain with them, & as she thought they had the best right to them she should keep them. &c.

Bolton says they are the strongest rebels in that neighborhood & that they talk of selling out & moving to Texas & if they do they think they will take the children with them. &c. &c. &c.

It appears that the New Albany Educational Society owns in fee simple four 1/4 acres of land on which there is an unpaid mortgage for the purchase money of fourteen hundred and fifty 1/2 dollars.

To meet this indebtedness they have six hundred 00/ dollars in notes; five hundred 00/ dollars in

cash in the hands of Mr Gannay Business Manager and four hundred 400/ dollars in the hands of an Agent at Washington D.C. name unknown

Five hundred 00/ children would attend the school. The Association propose erecting a two story brick building which would cost ten 1000/ thousand dollars.

Mr Gannay, their Business Manager has collected in one year less than five hundred 00/ dollars; he is paid for that a salary of three thousand 00/ dollars a year, and the Society is now indebted to him for a portion of his wages.

The Society is not organized on a substantial basis, and is looked upon with suspicion by many reliable men.

It would be well if something could be done for the colored people of New Albany vicinity, but I am forced by the facts developed to recommend that no money be appropriated to this Society, until the same is thoroughly reorganized.

Attention is respectfully invited to the enclosed report of Lt Col. J. S. Guthrie, 45 U.S. Infy, and Chaplain T. K. Noble Chief Supt. Freedmen schools.

 End on the above by St. Brig Genl James S. Catlin S.A.C. re dated
 Nov 26. 1867. Respectfully returned to St. Brig Genl Sidney Burdett
 Post Col. U.S.A. Louisville Ky. Personally I know nothing of the affair
 alluded to within. From Mr. Hogue in whom I have entire confidence
 I know the following facts: The woman came into the Office some
 time after Office hours. Mr. Hogue said "well what do you want?" she
 remarked "I have a little business"; Mr. H. said, "Capt Catlin has
 gone" she answered, "I want to see you", "well what do you want?"
 said he, she answered that "Capt Kennedy says for you to bury this
 man"; Mr. H. told her that "Kennedy has nothing to do with this af-
 fair whatever"; she replied, "I did not know that he made you bury
 the others"; Mr. Hogue said, "well he has not, you black folks must
 think that he is the only friend you have got, it is not so; this Bureau
 is placed here for the benefit and protection of the blacks, but if
 you don't quit bringing orders from Kennedy the Bureau will come
 to help you". Here the conversation ended & the woman left.
 Judging from rumors brought by Freedmen to this Office from
 Mr. Kennedy and from information derived through other sources
 I am of the opinion that he conveys the impression to the mind
 of the Freedmen that he is either an Officer of the Bureau or has
 some connection therewith. I consider therefore that Mr. Hogue
 acting and speaking unofficially was justified in using the
 above language under the provocation contained in the
 Message which the woman brought from Mr. Kennedy.

Respectfully returned to E.D. Kennedy Esq. Louisville
 It is hoped that the endorsement of Capt. James S. Catlin

re Washington D.C.
Attention is invited to the charges preferred by Thomas F.
Cheamy, late Agent of this Bureau at Henderson Kentucky
and to the Report of Bt Lieut Col W. F. Drum, A. I. Genl re
It appears from the records of this Office that Lieutenant
Bailey has apprenticed thirty three (33) colored children
since February 1, 1867. and that he has made no return of
the funds to this Office since February 26, 1867.
It appears further from the records of this Office that
a draft for eighty five (85) dollars for bounty was sent
to Lieutenant Bailey to be paid to Daniel Esley, late
Private Comp. B 115th Regt U.S. C. Troops.
In view of the above and the facts set forth in the
report of Col Drum, and in consideration of the dif-
ficulty attending his trial by Court Martial he being
a Volunteer Officer it is recommended that 2^d Lieutenant
Wells & Bailey 9th Regiment 11th Corps, be mustered

out of the U.S. service to take effect December 15. 1867
and that there be stopped against his pay the sum of
One hundred and twelve dollars and twenty five cents
(\$122.25) money received for apprenticing colored children
and appropriated to his own use, and the sum of
four dollars and ninety cents (\$4.90) being the sum
deducted from the amount due Daniel Early for

Respectfully returned to St Lt Col. D. S. Bathin
Sub Asst Commr, Louisville Ky,

From Capt Burnett's report of the conversation, Col Bathin is not warranted in putting the written construction thereon.

The regulations of the Bureau fix the circumstances under which an Officer is entitled to forage for a private horse, prescribe the Certificate to be signed by the officer, & the Certificate to be signed by the Asst Commissioner.

If the Asst Commr approves the issue, I have nothing to do but pay the account, but if the Asst Commr asks, as he did last month "Has Col Bathin used this horse for public purposes?", the Officer addressed must answer the question. Neither the Asst Commr, or the Chief Deputy has any intention of going behind an Officer's Certificate.

If Col Bathin signs the Certificate required by Circular #23, from the Commr's Office of July 17, 1867, the Asst Commr, will approve the issue. Capt Burnett was requested as a personal matter to speak to Col Bathin on the subject. The intention was a favor to Col Bathin.

With a view to economy, sufficient coal was purchased & issued to the R. & F. Hosp in this city during Nov 1867, to last until Jan'y 1, 1868,

Coal was then thirty eight cents per Bushel with a prospect of its doubling in price before a supply would reach the city, on account of the low stage of the Ohio River

At the present date coal is sixty five cents per bushel, and no amount to be had at that price,

The number of fires in Hosp in Nov was thirty, 30, and will not exceed that number this month,

with Judge Mitchell Co. Judge Boyle Co who has the power to call
juries to decide upon insanity of persons in his county who
informs me he can do nothing in this case as the Senate is
at Washington in the U.S. Hospital Henry Helms of Dan-

would respectfully suggest this case referred to the Comr if
possible have Henry Helms appointed by the Comr of the

now in his possession (\$50) for the support of his family

The Petition for a writ of Habeas corpus in the
case of Dolly Parol is respectfully returned
being fatally defective in several particulars.
The following facts must appear in the
petition, which we will prepare if said facts
are furnished us.

1st Why the petition is not made by the child's
parents & if she has none, then that the grand-
mother is the nearest relative & is able & willing
to support & educate the child. 2^d That the child
was bound without the consent of its parents
or of any one authorized to consent to the binding
also if the parents are dead, that it was done
against the will of the child - this is partic-
ularly important. Since the Court will not take
the child, if it is satisfied with its home, except
to give it to its parents. 3^d It must appear
how the parties holding the child got possession
of it, whether by consent of its parents or other-
wise.

If the exigencies of the public service rendered this work necessary and it was authorized by the acct Comr to be done the accs for advertising and for job work being made upon separate vouchers (for advertising on form 22 a general copy) should be forwarded to the Secy of War for his approval. But attention is invited to endorsement of St Brig Genl John E. Chief Supt W from which it appears that St. M. Rogers was not authorized to have the work for which these accs are rendered executed, but that he violated orders issued not to incur expenses without permission in writing from the General Superintendent. It is therefore recommended that this matter be referred to the Acct Comr for Kentucky with instructions to cause the Claimant to be informed that the amt of these accs must be collected from C. St. Rogers and to cause the payment of any money due him from the Bureau to be suspended until the claim is settled"

Louisville Ky Feb 3rd 1868

Letter enclosed that was sent this date / Feb 27 / to Mr Morrill
returning with the following endorsement by Mr Morrill
"Colonel: The claim of the above named man has been allowed
and I have advanced him \$190.⁰⁰," is enclosed in the above
affidavit also the following by Col Runkle "The foregoing endorsement
has nothing to do with the case Col Morrill probably put it on this
paper to prevent its being sent to Washington as evidence against
him."
Louisville Feb 27. 68.
Respectfully forwarded to Maj Genl O.O. Howard
Comr & Washington D.C.
Attention invited to the within affidavit of Thomas
Montgomery and the statement of Mr W.D.B. Morrill
It does not seem to me probable that this colored
man concocted this story, nor can I account for
Mr Morrill advancing money unless he derived some
advantage therefrom

He did not advance this money until he had the
Treasury certificate in his hands.

Mr Morrill will forward a receipt signed by Montgomery
witnessed by two persons, both of these persons have been seen
One says that he signed the paper without knowing the
contents, but that he saw Mr Morrill give the colored man
a one hundred dollar bill and ask him if it was all right
and the colored man replied it was.

He / witness / said that he could not swear to the date,
nor identify the man.

The other witness, a boy about eighteen / 18 / years of age
seemed confused & after some difficulty said that Mr Morrill
had paid the man \$90, but could not tell nothing concerning
the denomination of the bills paid.

The witnesses live, and witnessed the receipt, in two dif-
ferent stores.

Attention is invited to letter from this Office of this date

End of Boston Trial H. B. Thomas, ^{Feb 26,} returned, Mr. Hughes, called at my
 Office today in answer to my letter stating as follows:
 He hired Harriette Williams in March Aug 1886 at \$8.00 per
 month, He failing to suit her and discharged the duties he agreed
 with her to do. he warned her to leave on or about Nov 1886 having
 paid her previous to that time \$18.00 that she finally left on or about
 Dec 8. 1886. Having stated as he does female wearing ap-
 paral to the amount of \$30.00, and one dish worth \$3.00 & a
 lamp worth \$2, He furthermore avers that she got out a
 warrant against him for \$35 less what he had paid her which
 she declined to prosecute & that he has heard nothing of the mat-
 ter since, If his data are correct he would only owe her \$6 up
 to the time of warning her off and only \$14 if he should pay
 her up to her departure, While Mr. Hughes appearance did
 not inspire me with confidence, I doubt if anything is to
 be gained by pressing the matter,

It is estimated there are 500 children between the ages of 6 & 18. who could attend. The school is designed to be free to all. This state of the school fund is the result of
a rigorous and successful prosecution of the Educational
work by the Officers and Agents of the Bureau.

The work has been done in an econom-
ical manner as possible. but one application for aid
after another has been received. none of which did it
seem right to refuse. The result will justify the ex-
penditure. I respectfully recommend a further ap-
propriation of Three thousand \$3000 which will

End by Col P. J. Syme dated June 27th 1868. - information that the state
mints made in relation to the transactions before the courts are shown
(unofficially) to be true at this office. The unit of the bail bond is about
equal to the claim of the soldier (besides there is an indebtedness of about an
equal amount due to Col Syme for defending him) and in justice
should be turned over to Col Syme if practicable to do so. I am satis-
fied from the well known character of Col Syme that should the
man not return to answer due further before the courts, that he will
act justly and conscientiously with him should the money be turned
over to him.

Execd. on R. 64, 65 & 66, 1868.

Execd. by Genl Runkle, D.C. Sg. x x x I am opposed to
 making this appropriation for the following reasons:
 1st As much money has been appropriated for Berea already
 (considering the limited means at the disposal of the Bureau
 in Kent) as ought to be appropriated in any one locality.
 2nd There are many other localities in this State where the
 money can be expended to much greater advantage.
 3rd Cairo Ill & New Albany Ind. should both receive aid
 before any other large appropriations are made.
 4th I do not think it would be safe in the present
 unsettled condition of affairs to make any more per-
 manent improvements in such remote localities
 as Berea.

Louisville July 25, 1868.

Respectfully forwarded to Maj Genl O.O. Howard

 ion of Genl Runkle, D.C.

The funds at the disposal of the
 Bureau in this State will not warrant the appropria-
 tion of any further sum for Berea, & therefore
 refer the whole matter to the Commissioner.

Rev. John G.

Endowment on "D" 50. Vol 4. 1868

Louisville Ky. August 10th 1868.

I concur in Col Runkle's recommendation and recommend the appropriation on condition that the amount shall not be charged against the \$25,000 appropriated by the Commissioner for Educational purposes in Kentucky.

S. C. Mummy

Bt Brig Genl U.S. Army.
Asst Commr State of Ky.

End on the above by Bt Col Genl Runkle D.O. Ky. I cannot recommend the appropriation requested for the same reasons stated in my endorsement on Mr Rogers Communication requesting aid from the Bureau. * * * See End 899. I know nothing concerning the "social protection" spoken of, but I do know that there has been a great change for the worse in the public sentiment of Kentucky - The friends of the colored man and his supporters are very few in number. Berea is not out of reach of the Regulating Bands of the Blue Grass Region. Perhaps it will be safe to make this appropriation after the 8 day of November next. In case a responsible Insurance Company insures the building to be erected, in the sum of \$6000 - dollars payable to the Bureau in case of loss. I recommend the appropriation.

End on same by Levi Coffin Genl Ugt. N. D. A. Com. From what I know of Berea I should consider the above appropriation a wise expenditure.

End on same by Thos Kennedy Treasurer A.M.A. + N.D. A. Com. I heartily endorse the above.

Det. Bristol's order.

Louisville Aug 24. 1868.

"Believe me, Major Martin is mistaken in the statement that a colored man indicted in a State Court of Ky cannot introduce colored witnesses in his defense. The law of Ky allows colored witnesses to testify in all cases in the trial of colored men for crimes and misdemeanors. Nevertheless it is not certain that such a case can not be transferred from a State Court to the U.S. Court under the Civil Rights Bill. This question has been argued before Judge Bullard but so far as I am advised has not been decided. If it is desired to test the question in this case it would be well for the counsel engaged in the defense of Hayden to file in the State Court a petition prepared in accordance with the 3rd Sec of the Civil Rights Act (14 Statutes at Large page 27) and the other acts of Congress therein referred to. I must say inasmuch as colored testimony is not desired in the State Court of Ky in such cases I entertain serious doubts as to the applicability of the Civil Rights Act to such cases and therefore would not advise an effort to transfer unless in an extreme case wherein it is believed that an innocent man would be unjustly convicted."

These people must be taken care of
by the Bureau or they will die in the streets.
The buildings composing the present
Barracks are more extensive than is needed
for this purpose, & I believe the purchase
of them & the rent of the grounds occu-
pied by them will be much more expen-
sive than the proposed plan, & the
removal of this Asylum will besides take
away all excuse the authorities may
have for taking care of the destitute
colored population.

Respectfully referred to Bk Capt A. Benson
Brown Chief S. A. Comdr, Paducah Ky,
who will proceed to Cairo Ill (order
enclosed) and make a thorough investiga-
tion of this subject. Five thousand (\$5000)
dollars was appropriated to build a
school house (not a church) in Cairo

but when it was discovered that the colored people had started a \$25000 edifice, that the \$5000, would not finish the basement and that there was no money to complete the work it was decided that it was useless to sink the \$5000, and the appropriation was withdrawn. It is desired to build a school house in Cairo, if it can be done, with the assistance of that amount (\$5000) of money.

It might do to expend \$5000, in finishing a \$25000, house, but not in beginning it, when we have no assurance that it will ever be finished.

Capt Brown will make such recommendations in his report as he may see fit.

I do not think it essential that the Commander of the Troops
in the State and District should be the Adj Genl, though it would
doubtless add to the efficiency of the service that he
should be so. Should I continue to hold this position
I must respectfully decline that of Chief Superin-
tendent of schools. The number of scholars is now
quite large and still increasing and the duties and

work of the Superintendent are sufficient to
employ his whole time, this my military duties would
not allow me to give to it.

My impaired eyesight is also an additional reason why
I should decline. With regard to the statement of Col
Runkle relative to Mr Noble I have to state that this
part of the report of Colonel Runkle having been made
known to him he conceived that injustice had been done
him, and addressed a communication to that effect, which
is herewith enclosed.

I think it would be more satisfactory to all parties
that an investigation should be had, and therefore recom-
mend that an Officer be appointed for that purpose &
some one not connected with the affairs of the Bureau
in this State.
